

## Our I's and Other Eyes.

Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn., who after a quarter of a century of observation writes:

"I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has "Nothing but words of praise for Ayer's Sarsaparilla."

Any doubt about it? Send for the "Curebook." It kills douches and cures douches.

### 1895 Rambler, \$75.00

Trusting that you may be interested in cycling, we take the liberty of stating to you a few facts about our wheels:

We need not trouble you with needless description of the World Famed "RAMBLER" Bicycle, which by its easy running, appearance, strength and lasting qualities has won for the makers a name world renowned.

The "RAMBLERS" are equipped with the great G. & F. Detachable Tire, which since its introduction to Honolulu has proved, by the numbers in use, the most successful and necessary adjustment to a bicycle.

We take great pleasure in recommending to our friends the "RAMBLER" and trust that in furnishing one to any person they will never have occasion to regret.

Our terms are such that a bicycle is no longer a luxury but a necessity in actual saving of time and money. We would ask you to but call and get our figures.

### 1896 Rambler. \$95.00

As is customary nearing the close of each year, the makers in order to get ready for the ensuing year, offer the present 1896 wheels at reduced prices. We are now prepared to give our customers the benefit of these reductions as long as our stock holds out. For those wishing an up to date wheel of the highest grade, one which we can guarantee to the fullest extent, we would offer the "RAMBLER." As to improvements for the coming season we would say we anticipate none. Such changes which may be made will, as has been the past two years, be changes immaterial to the improvement of the wheel in general.

Kindly give this some thought or call your friends' attention to it and oblige.

Yours truly,

### THE ARIZONA KICKER

THE EDITOR DECIDES TO AGAIN ESTABLISH A WEATHER BUREAU.

A Real Estate Room—A Stranger Gets Sunstroke—Queer Incident in a Poker Game—The Editor Teaches Sunday School and Discourages Interference.

We have again established a weather bureau in connection with The Kicker office, and every day at noon we shall put out a bulletin giving the probabilities for the coming 24 hours. A year ago Colonel McPartland entered our office and proceeded to kick the upholstery out of everything he could reach because we predicted a cyclone which didn't come. Six months later Major Taylor did the same thing, and shot the hands off our eight day clock to boot, because it rained when we predicted dry weather.

We now wish it distinctly understood that our only facilities of weather predicting are a set of compasses, a carpenter's rule, a lead pencil and a rheumatic leg. We shall make mistakes, but they will be errors of the rule and pencil instead of the heart. Our aim will be to come as closely as possible, and with that the public must be satisfied. We firmly refuse to be held responsible for any mistakes, and any critter mean enough to put the responsibility on us will find us in our sanctum with a loaded gun at either elbow.

No Room Here.

Some one in Lone Jack sold a corner lot the other day for \$5 cash and a blind mule, and The Recorder of that town comes out in a two column article about the great boom which has set in and is going to jump the population to 100,000 inside of a year. This town is not on the boom. Over 50 lots have changed hands within a month, and seven new saloons are in process of construction, but nobody is saying a word. We are just saving wood and going along about our business. And should a "promoter" strike the place and offer to put up \$50,000 to make things hum, he would be discouraged. We shall grow and become a second Paris on our own merits or not at all.

A Case of Sunstroke.

Mrs. Colonel Hopkins of Cochrise place gave a lawn party last Tuesday evening to celebrate her thirty-sixth birthday, and while about 40 ladies and gentlemen were enjoying the festivities of the occasion a stranger appeared and began knocking down the Chinese lanterns and otherwise misbehaving. As we were managing the party for Mrs. Hopkins, we felt it our duty to tackle the stranger and at the end of ten minutes sent him to the hospital. He bit our ears and chewed our thumbs, and we were never nearer being licked in our life. After the doctors had worked over him for half an hour they pronounced his case one of sunstroke—that is, it was sunstroke to start on. His leg and two ribs were broken later on. At the present date he seems to be doing all right, but has either lost the power of speech or is still too tired to talk. Nobody knows who he is or where he came from, and he is being cared for at our expense.

There Was No Shooting.

Our esteemed contemporary came out with a column sensation last week regarding the incident at the Bald Eagle poker room, which does two of our fellow townsmen grave injustice. Both of them have called at his office several times to unjoin his spinal column, but the critter is in hiding and cannot be found. The incident referred to was a mere trifle. Mr. Stephen Green was playing poker with Colonel O'Dyer. A hand came out in which both got three aces, and they raised each other until there was \$50 on the table.

When Steve finally called the colonel and hands were shown, both arose and drew their guns. We grabbed the colonel, and Judge Graham grabbed Steve, and after a little argument both were convinced that the six aces had been packed up with the deck by the maker. Neither man had attempted to cheat, but it was simply one of those curious incidents in poker which no one can account for. There was no shooting; no hard words. When the matter had been duly explained, the gentlemen shook hands and sat down and resumed the game.

Mending His Manners.

Last Sunday afternoon, as we were acting in the place of Sunday school superintendent and telling 40 children the story of Moses in the bulrushes, a critter named Joe Havens entered the room for the purpose of creating a disturbance. We let him yell "Bully for Moses!" twice before we warned him. When he opened his mouth for the third time, we took him by the neck and heaved him through a window, and he struck the ground in such shape that his right shoulder was dislocated. We understand that Havens was encouraged by the Hewson crowd, and that over a dozen loafers were standing on the corner to see how the affair would terminate.

When he recovered, consciousness Mr. Havens was very contrite and homesick, and we have his word for it that he will never again interfere with a Sunday school. If there is any other critter in town who feels like raising a row when we are acting as superintendent, he needn't hesitate on our account.

Mr. C. W. MACFARLANE:—It affords me pleasure to recommend, to any one whose hair is falling out, the use of DR. POTTIE'S HAIR OIL. My hair was coming out at such a rate as led me to believe that I would soon become bald. After using the oil for five weeks this ceased entirely; none whatever is now falling out. I consider it the best and only worthy remedy for this trouble and also recommend it as a stimulant for new growth.
